Tessera Roll+

3 in 1 Mod

BASIC VERSION

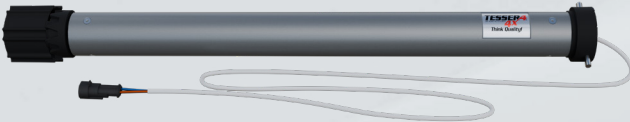

- Smooth and easy-opening system.
- **Unique design - upgrade anytime.** Easy upgrade from **Basic (Manual)** to **Spring-assisted** or **Electric version** by **JUST** adding one of our universal kits. The only retractable cover (roll top) in the global market that can be downgraded easily in less than a minute.
- **Basic version (Manual) is the base of all versions.** Distributors and wholesalers can stock **one SKU** (basic version) and add the **E-Kit** or **S-Kit** whenever needed. This means lower shipping costs, inventory management, and an easier order forecast.

BASIC VERSION + S-KIT ⚙️

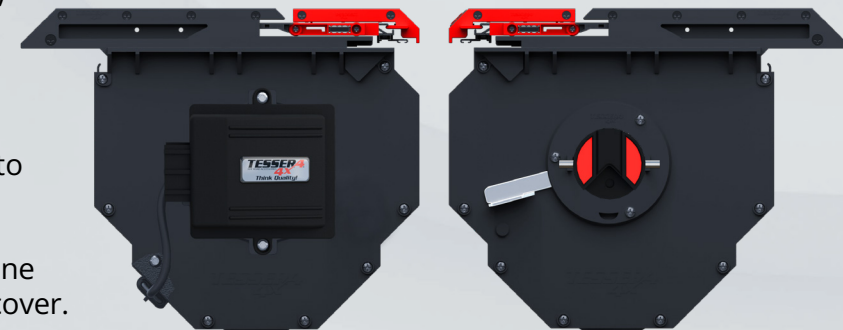

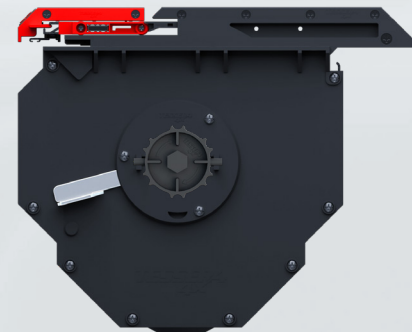

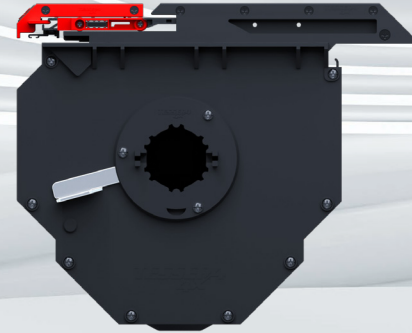

- Upgrade from **Basic (Manual)** to **Spring-assisted version** by simply adding the **S-Kit**.
- **Spring-assisted opening** for an even easier opening.

BASIC VERSION + E-KIT ⚡

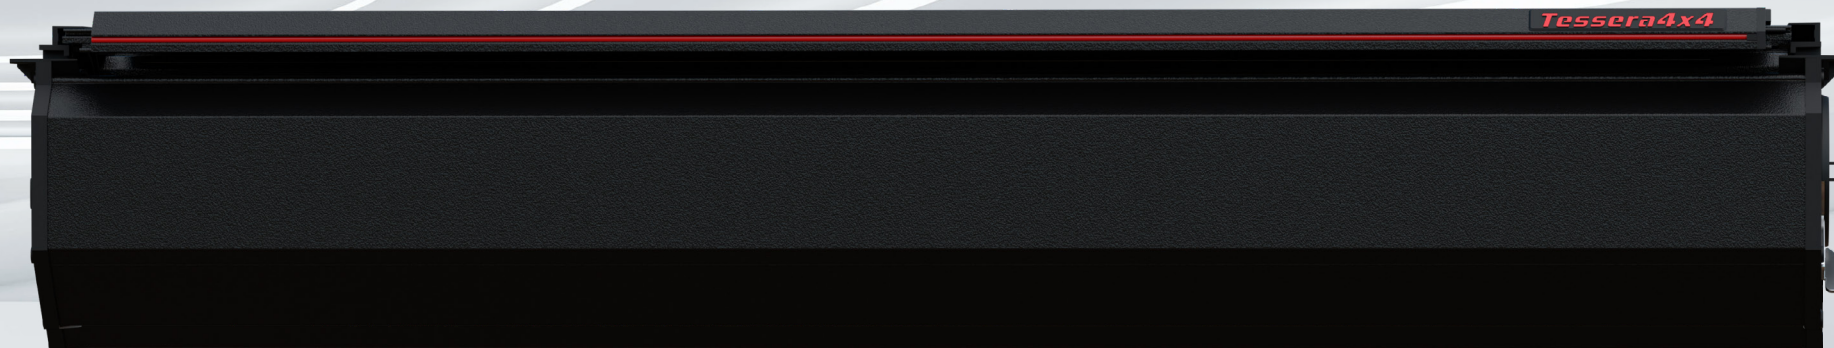

- Upgrade from the **Basic (Manual) version** to the first **AI-Powered** electric Roll-Top cover using the **E-Kit**.
- Put the **power of AI** at your fingertips with a host of benefits such as:
 - **Open and close** your roll top cover using the specially designed **key fob**, **One-Touch** (rear slat), the unique **Tessera Roll+ App** or simply using **Voice Commands**.
 - **Forgot** your roll top cover open? **Tessera Roll+ App** will **remind you to close it**.
 - **Real-Time Maintenance** Notifications.
- **Use the power of AI** for your convenience, ease of use, and infinite possibilities of customization.
- **Proximity** safety sensors.
- **No need** for motor calibration.
- **FW Updates.** Keep your **Tessera Roll+** up to date with all new features.

In addition to a host of other features and benefits that would amaze and surprise anyone that they could be incorporated in a roll-top cover.

Why Tessera Roll+? Top Benefits

	Wholesalers	End customers	Competition
● Modular 3 in 1 Design With just one product code per model, Tessera Roll+ effortlessly transforms into three unique configurations. Here's why this matters for your business:	✓	✓	×
✓ Optimize Storage Efficiency: Save valuable warehouse space by stocking a single product instead of three.	✓	—	×
✓ Cut Shipping Costs by a Third: Enjoy significantly reduced shipping expenses with fewer product variations.	✓	—	×
✓ Minimize Stock Risk: Lower your leftover stock risk by carrying one versatile product instead of multiple.	✓	—	×
✓ Simplify Forecasting: Streamline your inventory management with more predictable ordering.	✓	—	×
✓ Effortless Transformation: Upgrade or downgrade anytime with ease using the S-Kit (spring-assisted) or E-Kit (electric) —no tools or expertise needed, thanks to the Quick Release Lever.	✓	✓	×
✓ Ultimate Flexibility: Customers have the flexibility to upgrade or downgrade their Tessera Roll+ whenever they choose, ensuring their setup always meets their evolving needs.	✓	✓	×
● Smart AI Control Board The world's only roll-top cover equipped with an advanced Artificial Intelligence control board. Here's what that means for you:	✓	✓	×
✓ Auto calibration No special steps are required! The motor auto-calibrates during the initial fitting, and no special procedure is needed for motor replacement, even in low temperatures, ensuring smooth and effortless performance in all conditions.	✓	✓	×
✓ Real - Time Maintenance Pop Up Alerts The most common claims for all roll top covers around the world are for maintenance. For the end user is not easy to remember to follow the proper care and usage instructions and as a result they identify or realise the problems too late. As a consequence they will have to be charged for additional costs of the damaged spare parts or they won't have the proper functionality to their roll tops. Now Tessera Roll+ users have the advantage to receive real - time pop up maintenance alerts directly to their mobile as they stay connected with their Tessera Roll+ all the time. So they will be notified for the most important and common issues like:	✓	✓	×
a) Canister Cleaning Easily clear blocked water from the canister area to prevent potential issues with the entire structure, including motor, ensuring long-lasting and reliable performance.	✓	✓	×
b) Side rails Maintenance & Lubrication Alert The system intelligently tracks the roll's opening and closing times. After some cycles, if the standard time is exceeded, it notifies you that it's time for cleaning and lubricating the side rail parts, ensuring optimal performance and longevity.	✓	✓	×
c) Motor failure In case there is an issue with the motor or with the wiring.	✓	✓	×
✓ Share event history Tessera Roll+ users can easily access and share the full event history and functionality of their roll. This feature ensures top-notch after-sales support, offering the best service experience customers could ever imagine.	✓	✓	×
✓ 4 MODES of operation	✓	✓	×
a) Specially designed remote controls Tailored for ease and precision, our remote controls offer seamless operation of the Tessera Roll+, ensuring convenience and total control at your fingertips.	✓	✓	×
b+c) Mobile app & Voice Commands Control your Tessera Roll+ effortlessly with our intuitive mobile app and voice command feature. Enjoy hands-free convenience and smart functionality, right from your smartphone or through simple voice prompts.	✓	✓	×
d) The unique "ONE Touch" function. The end slat of Tessera Roll+ acts as a large, durable aluminum button, eliminating the need for physical buttons on the side rails like competitors. Unlike other systems, ours is weatherproof, fully operational in low temperatures, and protected from damage or theft, ensuring reliable performance in any condition.	✓	✓	×
● Electric Power to the Rolling Part Tessera4x4 is the first and only company worldwide to successfully bring electricity to the rolling part of the cover. This innovation results in:	✓	✓	×

Why Tessera Roll+? Top Benefits	Wholesalers	End customers	Competition
a) Innovative Red LED Light Bar Designed for both beauty and practicality, the red LED light bar enhances your Tessera Roll+ with versatile functionality. It can be used as a beam light, brake light, and—when paired with the e-Kit—serves as an obstacle warning signal or even as hazard lights during emergencies. Safety and style combined.	✓	✓	×
b) Full-Length Moving White LED Light Bar Tessera Roll+ features a unique, full-length white LED light bar embedded in the moving end slat. It dynamically illuminates any place of the trunk bed, ensuring optimal lighting no matter the load. Unlike competitors' fixed side or front lights, which can be easily obstructed, our moving LED light guarantees full visibility and convenience in any situation.	✓	✓	×
c) Integrated Physical Sensors in the End Slat Tessera Roll+ incorporates advanced physical sensors directly into the end slat. These sensors function as the primary control button, providing easy access, and serve as obstacle detectors, enhancing safety and ensuring smooth operation without the risk of damage.	✓	✓	×
● Advanced Obstacle Detection with Physical Sensors Integrated sensors in the end slat detect obstacles in real time—offering safer, more reliable protection than motor-current systems, while extending motor life.	✓	✓	×
● Heavy-duty shaft Design Strategically located within the canister area, the heavy-duty shaft securely houses either the spring (S-Kit) or electric motor (E-Kit), ensuring complete protection and sealing. This design eliminates the need for additional space in the trunk for the motor, unlike competitors who place it in an external side box or a second shaft with a larger canister. Our solution keeps the motor safe and out of the trunk bed, maximizing storage space and enhancing durability.	✓	✓	×
● Innovative design & Compact size Featuring an advanced design where the end slat retracts smoothly into the canister area, along with the smallest canister dimensions on the market—just 7.8 inches / 20 cm x 9 inches/ 23 cm (Mid Size pick-up models) or 10.2 inches / 26 cm x 11.8 inches / 30 cm (HxW) (for Full Size pick-up models 5.5" / 6.5" / 8")—this solution maximizes load capacity in both length and height. In contrast to competitors where the end slat extends beyond the canister, this design ensures more efficient use of space without sacrificing functionality.	✓	✓	×
● Mobile App Configurations Unlock a world of possibilities with our mobile app, offering a seamless and intuitive environment for personalized configurations.	✓	✓	×
a) Lighting Adjustments Take full control of your lighting with easy adjustments via the mobile app. Customize settings such as on/off, brightness levels for red and white lights, light timer, and much more.	✓	✓	×
b) Effortless Remote Control Pairing Easily pair new remote controls through the mobile app in case of loss. The process is quick and seamless, ensuring you can regain full control without any hassle.	✓	✓	×
c) Voice Control with Siri & Google Assistant Enhance convenience with full accessibility through Siri and Google Assistant. Simply use voice commands to operate your system, making hands-free control easier than ever.	✓	✓	×
d) Monitor Operation Cycles & Lighting Keep track of your system's performance with real-time monitoring of operation cycles. Stay informed about your Tessera Roll+ activity, share events and ensure everything is functioning optimally with ease.	✓	✓	×
e) Comprehensive Online Support Access everything you need with ease—detailed installation guides, instructional videos, product brochures, and expert support are all available online. Get the help you need, anytime, anywhere, for a seamless experience.	✓	✓	×
● The one and only Anti-Leaf System (ALS) The only roll-top cover worldwide with a unique Anti-Leaf System (ALS). It prevents leaves and debris from clogging the canister drains, ensuring smooth operation, durability, and minimal maintenance.	✓	✓	×
● Thick Side Rail Parts Handmade 0.2 inches / 5 mm rails, precisely matching your truck's rail shape and size for perfect fit, weatherproof protection, reinforced strength, and versatile mounting accessories by drilling for heavy duty usage.	✓	✓	×
● Aluminium Locking Teeth (ALT) The only roll top cover with "AUTOMATIC ALUMINIUM" locking teeth (no plastic) for maximum security on the road.	✓	✓	×

Tessera Roll+

The **Tessera Roll+** is a revolutionary 3-in-1 modular roll top cover, designed for maximum versatility. Start with the **BASIC version** and easily upgrade to **SPRING** or **ELECTRIC** anytime with our S-Kit or E-Kit, thanks to the innovative Quick Release Lever (QRL). This unique system empowers B2B customers to reduce stock volume by 70%, while B2C users upgrade effortlessly without tools. The **E-Kit** features a cutting-edge AI smart controller board with **auto-calibration**, **real-time maintenance alerts**, **FW updates**, and **mobile app control**. Its **4 operation modes** include **key fob remote**, **rear slat "One Touch"**, **Mobile App**, and **Voice Commands**, offering seamless control and ultimate convenience. Integrated obstacle sensors provide maximum safety while protecting

the motor for long-lasting performance. Built for durability, **Tessera Roll+** has **knife-proof aluminium slats** and the exclusive **Automatic Aluminium Locking Teeth (ALT)** for top security.

The **Internal Locking System (ILS)** enables easy, secure access even in low temperatures. Enjoy **maximum load capacity** with a compact canister (Mid-size pick-up models: 7.9"/ 20cm x 9"/ 23cm HxW | Full-size pick-up models: 10.2 inches / 26 cm x 11.8 inches / 30 cm HxW). Its **heavy-duty (0.2"/5mm) side rails** perfectly match your truck's rails, providing superior insulation and easy integration with roll bars or OEM accessories via built-in T-slots for no-drill installations (light use only, max 165 lbs/75kg). Weather resistance is unmatched with **oversized drainage (Ø 0.8"/20mm)**, anti-leaf system, embedded silicone seals, and **super durable powder coating**, approved by QUALICOAT for Class 2 (Category 1).

Handmade with premium aluminium by Tessera4x4's artisans, it carries 8 Patents, 3 x TÜV Austria, ECE R10 and EU RED certifications, with a **3-year warranty** on materials & workmanship and **1 year** on electronic parts. Experience innovation, security, and smart performance with **Tessera Roll+** –engineered for the world's toughest conditions.

Upgrade your pickup with **Tessera ROLL+** or **Tessera SE**. Engineered for superior style, seamless functionality & long-lasting protection.

Tessera SE

Experience effortless manual operation with the **Tessera SE**. With its revolutionary design, it offers the smoothest manual open-close operation in the industry. Ideal for professionals and large vehicle fleets, the **Tessera SE** delivers unmatched durability, security, and practicality – making it the ultimate roll top cover solution for commercial use. Built with **heavy-duty 0.2"/5mm side rails**, it perfectly matches your truck bed rails for optimal insulation, durability, and compatibility with all Tessera4x4 accessories. Integrated **T-slots** allow **no-drill installation** of roll bars, cross or side bars, or rack systems for enhanced practicality. Security is unmatched with **knife-proof aluminium slats**, an exclusive **Automatic Aluminium Locking Teeth (ALT)** system, and an **Internal Locking System (ILS)** for easy, secure access

even in low temperatures. Weather protection features include **oversized drainage systems** (Ø0.8"/20mm) with overflow channels tested at **15.8 gal/min (60lt/min)**, side rail drains, and the patented **Anti-Leaf System (ALS)** that prevents blockages. Its slats with embedded silicone seals provide ultimate protection against any weather conditions.

The **Tessera SE** maximizes trunk load capacity with a compact canister design
Mid-Size Pick-up models:

7.9" / 20 cm x 9" / 23 cm (HxW)

Full-Size Pick-up models:

10.2" / 26 cm x 11.8" 30 cm (HxW).

It sits above the truck bed, offering greater vertical clearance for taller loads. Installation is quick and simple without drilling, except when adding heavy-use accessories or for water drainage. It fits trucks with or without bedliner/rhino coat, requiring no rail modifications for UNDER-rail or OVER-rail types. Finished with **next-generation super durable powder coating**, QUALICOAT approved (Class 2 - Category 1), **Tessera SE** ensures exceptional weather, abrasion, and chemical resistance. Aerodynamic design improves fuel efficiency, while its handmade aluminium craftsmanship reflects **35 years of Tessera4x4 expertise**.

Certified to **TUV Austria: EN ISO 9001:2015, EN ISO 14001:2005, and KBA**, with a **3-year warranty**, **Tessera SE** offers the ultimate blend of security, durability, and effortless practicality for your truck.

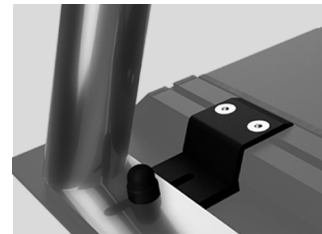

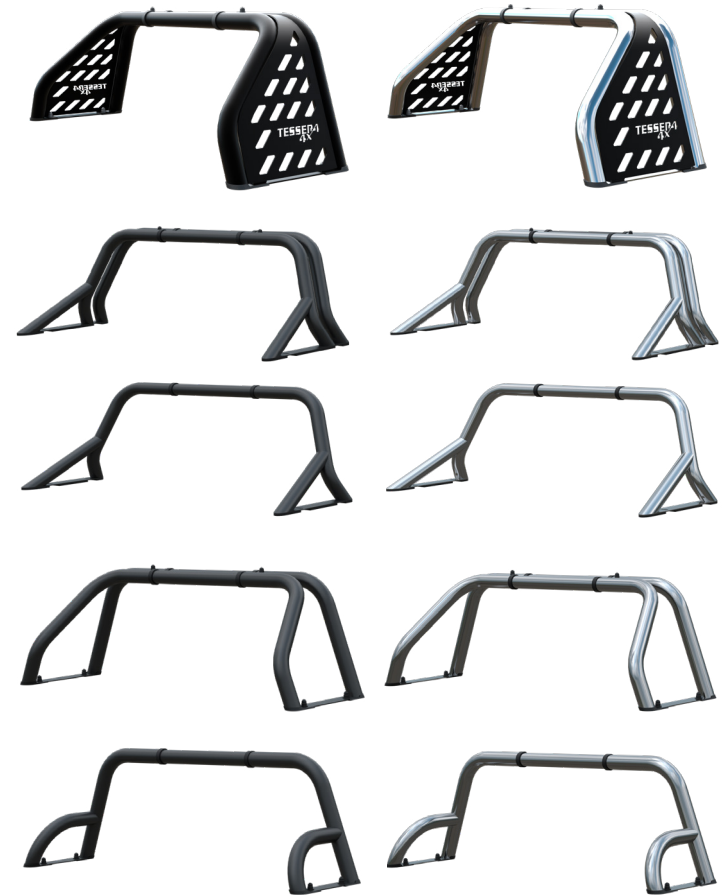

Roll Bars

Elevate Your Truck with Our Premium Stainless Steel or Stainless steel painted in Black Matt* Sport Design Roll Bars.

- **Elevate Your Style:** Our patented design brings a sleek and sporty look to your truck.
- **Built to Last:** Crafted from high-quality 2.56" / 65 mm Stainless Steel Pipes (304L) for durability and longevity.
- **Perfect Fit:** Detachable design allows for seamless adaptation to the dimensions of any truck's bed.
- **Ultimate Support:** With a one-piece construction, our roll bar provides strong support, ensuring resistance during loading.
- **Customizable Options:** Includes a special plate for easy installation of fog lamps, enhancing both style and functionality.
- **Safety First:** Offers protection for the cabin in the event of a fall or accident, keeping you and your truck safe on the road.

* (BLACK MATT: painted in 180°C for 30 minutes, an advanced process certified with the international standards 9001:2000 (Quality Management Systems) & 14001:2004 (Environmental Management Systems) and «SEASIDE CLASS» quality seal of the company QUALICOAT)).

Tessera4x4
Roll Bars

Presenting our revolutionary RB-KIT:

- **Elevate your Tessera (Roll+ & SE) series** experience with our specially crafted roll bar kit.
- **Seamlessly integrates** into the built-in "T-Slots" without any drilling required.
- **Unlock endless possibilities** for accessorizing without compromising structural integrity.
- **Engineered for** light accessory use, supporting a maximum load of 165 pounds / 75 Kg.

Elevate your setup effortlessly with our RB-KIT.

Tessera Bar+

The Ultimate Telescopic Cross Bars for Pickup Trucks

Tessera4x4, the global leader in premium and innovative 4x4 accessories, proudly introduces the **Tessera Bar+**. This avant-garde, patent-pending product stands alone in the market, delivering unmatched versatility and convenience for pickup truck owners worldwide.

Revolutionary Features & Benefits:

1. Groundbreaking Telescopic Design:

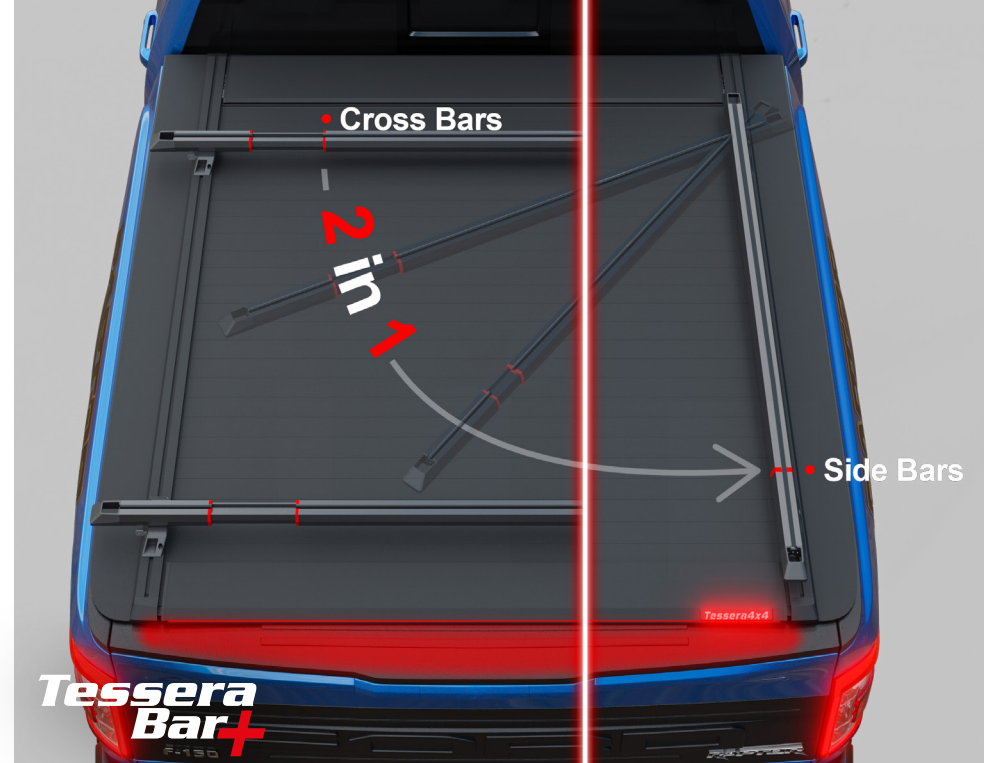

- World's First: The **Tessera Bar+** is the first-ever telescopic crossbar system for pickup trucks that can transform into side handrails in under a minute, entirely tool-free.

- Modular Dual Functionality: This innovative design allows you to convert one product into two, maximizing utility & eliminating the need for additional accessories.

2. Ultimate Convenience & Space Efficiency:

- Effortless Transformation: Quickly switch between crossbars and side handrails, ensuring your truck bed is always fully accessible.

- Always Ready: Keep the **Tessera**

- **Bar+** with you as side handrails for tying your load safely, avoiding storing it at home, and ensuring it's always ready for use.

3. Seamless Installation & Compatibility:

- Tool-Free Light Use Installation: Designed to fit perfectly into the T-slots of side rails on Tessera4x4 Rolls for light use, supporting up to 165 pounds / 75 Kg (in motion) without the need for drilling.

4. Advanced Design Philosophy:

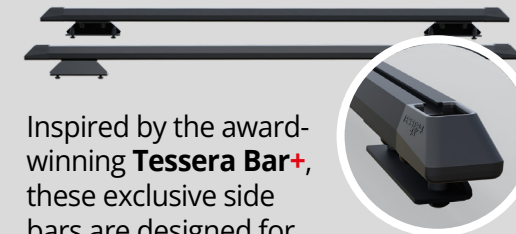

- Built-in T-Slots: Ready for any adventure with Built-in T-Slots: The **Tessera Bar+** also integrates effortlessly with extra accessories like ski and

bike carriers, tents, and more, thanks to its built-in T-slots. Additionally, you can always rely on the two specially designed side reinforced plastic finishers for extra tying spots, perfect for light-use applications. This innovative solution combines unmatched versatility, convenience, and the potential for endless customization, making it the ultimate accessory for any pickup truck owner.

Transform your vehicle with the **Tessera Bar+** and elevate your 4x4 adventures to unparalleled heights.

Tessera KOY SE

The Stylish & Functional Side Bars

Inspired by the award-winning **Tessera Bar+**, these exclusive side bars are designed for drivers who demand durability, style, and practicality in every adventure.

Revolutionary Features & Benefits:

Bold Design, Premium Finish

- Fixed in 2 universal sizes: 53.1in./135cm or 61in./155cm length with robust yet lightweight construction.
- Stylish plastic end caps for tie light gears and sleek lines that enhance any 4x4.

Effortless Installation

- No-drill, tool-free fit into **Tessera Roll+ & SE Series T-Slots**.
- Optional drill-fit for heavy-duty or custom applications.

Adventure-Ready Practicality

- Ideal tie-down points for any gear, tools, or everyday essentials.
- Adds both functionality & attitude to your truck.

Turn your pickup into a true lifestyle statement with the **Tessera KOY SE**—where rugged elegance meets real-world versatility.

Tessera Divider+

Introducing the **Tessera Divider+**, the patent-pending, revolutionary **2-in-1** Modular trunk divider that transforms the way you organize and secure your pickup truck bed

Product Features

1. Modular 2-in-1 Design

- Built with a modular approach, the **Tessera Divider+** adapts to your specific needs.
- Composed of two high-strength aluminum panels that lock together with a robust latch, creating a single, solid structure.
- Panels can be easily unlocked, separated, and stored on the 2 sides of the trunk bed, maximizing available space while maintaining full functionality.

2. Innovative Rolling Mechanism

- A unique rolling system enables the divider to move forward and backward for easy load management and adjustment.
- Securely locks easily into place using its unique brackets are installed in the specially designed **Tessera C-channels** area, ensuring no unwanted cargo movement.

3. Enhanced Installation Versatility

- This option is compatible exclusively with **Tessera Roll+ & Tessera SE Series**, ensuring a seamless fit for all bed sizes, including Mid-size & Full-size

pickup trucks.

4. Tool-Free Installation and Storage

- Requires no tools for installation or removal, making it exceptionally user-friendly.
- When not in use, panels can be securely parked on the sides of the trunk bed, providing a permanent storage solution.

5. Molle Panel Functionality

- When stored on the sides, the panels double as truck bed Molle Panels, allowing lightweight gear like shovels or fire extinguishers to be securely tied down.
- Keeps essential tools within reach and perfectly organized.

Key Benefits

1. Permanent Trunk Bed Solution:

- The **Tessera Divider+** stays in your truck bed at all times, ensuring convenience without compromising space.

2. Maximized Bed Space:

- Panels store neatly on the 2 sides, leaving the entire trunk bed available for larger cargo.

3. Improved Organization and

Accessibility:

- The integrated Molle Panel system ensures essential tools & accessible.

4. Unmatched Load Security:

- Its durable construction and robust locking mechanism prevents cargo from shifting, enhancing safety during transport.

5. Enhanced Versatility for All Trucks:

- Made to fit every pickup truck, powered by our exclusive **Tessera C-Channels** (EXTRA).

6. Seamless Integration:

- Designed to complement Tessera's premium product range, the **Divider+** ensures cohesive and efficient trunk bed management. The **Tessera Divider+** is more than a product—it's a game-changer in pickup truck accessories. Whether for work or adventure, this patent innovation delivers unparalleled convenience, versatility and efficiency. Transform your truck bed into a highly functional, organized space with Tessera4x4 accessories.

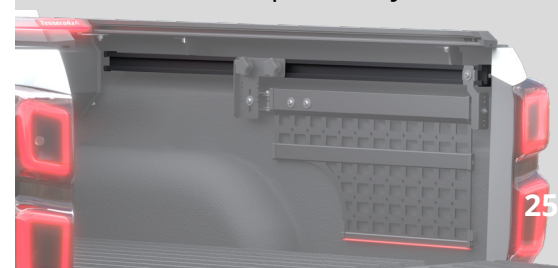

Tessera C-Channel System (EXTRA)

Elevate the versatility of your pickup truck with the **Tessera C-Channel System**, designed exclusively for the **Tessera Divider+** when paired with **Tessera Roll+** and **Tessera SE Series**. **Seamless Integration for Maximum Functionality**

Designed to complement the **Tessera Divider+**, this extra C-Channel System transforms your truck bed into a highly efficient space for secure cargo management and storage. Whether for work or adventure, its premium finish and robust construction ensure it will withstand daily use and extreme conditions.

Why Choose the Tessera C-Channel System?

- **Exclusive Compatibility:** Works only with **Tessera Roll+** and **SE Series** for optimal performance.
- **All-Size Fit:** Accommodates various bed sizes for both Mid-Size & Full-Size (5.5'/6.5'/8'ft) truck models.
- **Superior Finish:** Black Matt coating adds a sleek, modern aesthetic while ensuring long-lasting durability.
- **Certified Excellence:** Meets the highest standards of quality and environmental responsibility.

Tessera Tower+

> Redefining Versatility & Strength for Your Truck

Tessera Tower+ sets new standards in truck rack systems, blending strength, adaptability, and premium design. Crafted from advanced aluminum, it delivers durability without extra weight. With a **165 lbs/75kg** dynamic load capacity, it's ready for daily use and weekend adventures. (*Optional drilling kits boost capacity for heavy-duty needs)

Its **modular design** means **one SKU fits all bed sizes (Mid-size & Full-size 5.5'/6.5'/8')**, giving dealers and distributors maximum flexibility. Adjustable crossbars provide **5.9"/15 cm height range**, while telescopic side rails extend **19.7"/50cm** to maximize cargo space. Dual side rail positioning and optional telescopic panels enhance style and practicality. With integrated tie-down points, T-slot, and seamless pairing with **Tessera Roll+** or **SE**, **Tessera Tower+** is ideal for professionals and outdoor enthusiasts—elevating every journey.

> Telescopic Side Panels (Pair)

Upgrade your truck with the stylish **Telescopic Side Panels**, designed to perfectly complement the **Tessera Tower+**. Combining premium aesthetics with everyday practicality, they offer a sleek, modern look while boosting your truck's functionality.

Key Benefits:

- **Telescopic Adjustment:** Easily adjustable in height to adapt to any cargo load.
 - **Enhanced Style:** A refined design that elevates the appearance of your truck bed.
 - **Improved Cargo Management:** Extra tie-down points and secure edges for safer transport.
 - **Perfect Compatibility:** Custom-engineered for a flawless fit with **Tessera Tower+**. Complete your **Tessera Tower+** with this innovative upgrade.
- ***Compatible exclusively with **Tessera Roll+** & **Tessera SE**, with no-drill installation.

> Extra Crossbar (1 Piece)

Upgrade your **Tessera Tower+** with the **Extra Crossbar** – a versatile add-on that enhances support and mounting options. By reducing the gap between the top crossbars, it offers a more stable base for bike racks, rooftop tents, cargo boxes, and more

Key Features & Benefits:

- **Optimized Load Distribution:** Closes the gap between the existing crossbars, creating a stronger and more even surface for carrying bulky or heavy gear.
 - **Enhanced Mounting Versatility:** Provides extra tie-down points and attachment options for outdoor and professional equipment.
- Upgrade your **Tessera Tower+** with the **Extra Crossbar** and unlock even more possibilities for adventure and professional use. Perfect for those who demand maximum flexibility and secure mounting options on their truck rack system.

The Company

Elevating the standards of innovation and precision, Tessera4x4 Accessories has cemented its position as a trailblazer in the realm of 4x4 vehicle enhancements for over four decades.

Since 1985, **Tessera4x4 Accessories** has redefined the global 4x4 industry with **premium, patented, & modular solutions**. With over **40 years of expertise**, we lead with **innovation, craftsmanship, and technology**, offering products that combine **functionality, durability, and style**.

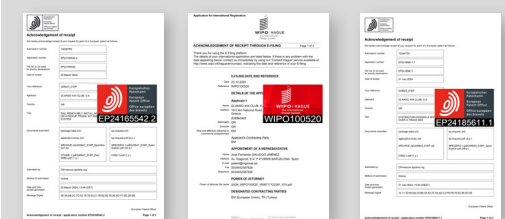

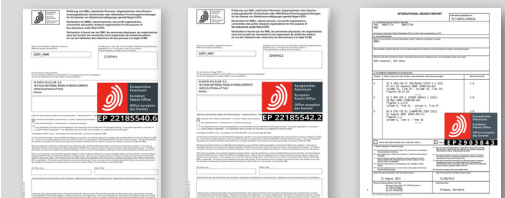

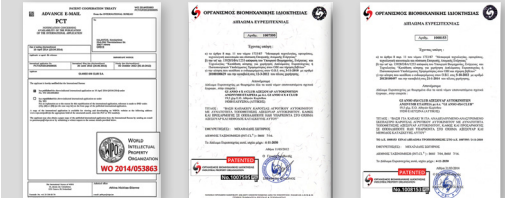

Our flagship **Tessera Series**—including **Roll+, SE, Bar+, Divider+, Tower+, KOY-SE and Roll Bars**—delivers unmatched versatility through **modular and telescopic designs**, solving industry challenges while optimizing stock and logistics. With **12+ international patents**, **TÜV-certified quality**, and **exports to 5 continents**, Tessera4x4 is the global benchmark for **next-generation 4x4 accessories**, trusted by OEMs, distributors, and professionals worldwide.
